坤远[®]
Kunyuan

A Manufacturer Specialized in
High-strength
Fastening Solutions

宁波坤远紧固件有限公司
Ningbo Kunyuan Fasteners Co., LTD.

宁波坤远紧固件有限公司是专业生产高强度紧固件的制造商，总部位于宁波市，拥有 4 项国家发明专利和 12 项实用新型专利，参与多项国家标准制定。

Ningbo Kunyuan Fasteners Co., LTD. is a professional manufacturer of high-strength fasteners. Headquartered in , Ningbo, the company holds 4 national invention patents and 12 utility model patents, and has participated in the formulation of multiple national standards.

国内在西安、成都、武汉、盐城设立办事处；国外在阿布扎比设有办事处，并在新加坡、马来西亚、泰国、韩国、阿曼、科威特、阿联酋、卡塔尔和巴西等多个国家拥有代理商，形成全球化服务网络。

Domestically, we have established offices in Xi'an, Chengdu, Wuhan, and Yancheng. Overseas, we have an office in Abu Dhabi and agents in Singapore, Malaysia, Thailand, South Korea, Oman, Kuwait, the United Arab Emirates, Qatar and Brazil and other countries, forming a global service network.

企业概况

Company Profile

市场布局

Market Layout

国际认证

International Certification

公司产品通过 ISO, API, CPR, PED-4.3, AD2000, UKCA-PER, NORSOK M-650, CU-TR EAC 及 GOST R 等国际权威认证，确保产品符合全球严苛的工业标准。

The company's products are certified to international standards such as ISO, API, CPR, PED-4.3, AD2000, UKCA-PER, NORSOK M-650, CU-TR EAC, and GOST R, ensuring compliance with stringent global industrial standards.

战略合作

Strategic Partnership

作为中石化、中海油、BP、GE 等能源巨头的长期供应商，公司以技术解决方案和重大项目质量表现赢得行业认可。

As a long-term supplier to global energy giants including Sinopec, CNOOC, BP, and GE, our company has earned industry recognition through technical solutions and proven performance in major projects.

产品应用

Product Application

主营高强度紧固件及耐蚀涂层部件，广泛应用于油田、炼油厂、电厂、钻井平台、油气平台、国际工程公司及 EPC 大型工程等领域。

It is mainly engaged in high-strength fasteners and corrosion-resistant coating components, which are widely used in oil fields, oil refineries, power plants, drilling platforms, oil and gas platforms, international engineering companies and EPC large-scale projects and other fields.

服务承诺

Service Commitment

快速响应 - 24 小时技术咨询通道，精准交付 - 98% 以上订单准时交付率，全周期服务 - 从方案设计到安装指导。

24/7 technical support, 98% on-time delivery, full-cycle engineering partnership from design to installation.

应用领域

Product Applications

石油天然气

Oil & Gas

认证: API-20E, API-6A, NORSOK M650
Certification: API-20E, API-6A, NORSOK M-650

要求: 耐 350°C +/100MPa+ 极端工况, 抗硫化氢腐蚀
Requirements: Resistant to 350°C, 100MPa, and extreme operating conditions, and resistant to hydrogen sulfide corrosion

产品应用: 钻井平台井口装置、超深井套管连接
Product application: wellhead equipment for drilling platforms, casing connection for ultra-deep wells

化工与流体处理

Chemical Engineering and Fluid Handling

认证: API-20E
Certification: API-20E

要求: 耐化学腐蚀(酸/碱环境)、高抗拉强度(≥860MPa)、密封性保障
Requirements: Chemical corrosion resistance (acid/alkali environment), high tensile strength (≥860MPa), and guaranteed sealing performance

产品应用: 高压反应器螺栓、化工流体管道法兰连接、石油化工装备固定
Product application: bolts for high-pressure reactors, flange connections for chemical fluid pipelines, and fastening of petrochemical equipment

炼油厂

Refinery

认证: PED, AD2000, UKCA
Certification: PED, AD2000, UKCA

要求: 耐高温高压腐蚀介质, 双重密封结构
Requirements: Resistant to high temperature and high pressure corrosive media, with a dual sealing structure

产品应用: 反应器法兰密封、热交换器紧固
Product application: reactor flange sealing, heat exchanger fastening

风电

Wind Turbine

认证: EN14399, NORSOK M-650,
Certification: EN14399, NORSOK M-650,

要求: 10.9 级 + 强度, 盐雾防护 1000h+
Requirements: Strength of 10.9 grade or above, salt spray resistance for 1000 hours or more

产品应用: 塔筒法兰连接、叶片轮毂抗疲劳固定
Product application: tower flange connection, blade hub fatigue resistance fixation

核电 / 电厂

Nuclear Power/Power Plant

认证: PED, GOST-R
Certification: PED, GOST-R

要求: 核级低钴材料, 预紧力误差 ≤5%
Requirements: nuclear-grade low-cobalt material, pre-tightening force error ≤5%

产品应用: 核反应堆压力容器、锅炉钢架高强连接
Product application: Nuclear reactor pressure vessels, high-strength connections for boiler steel frames

船舶海工

Ship and Offshore Engineering

认证: ABS, EAC
Certification: ABS, EAC

要求: B1 9.8 级, 抗剪切力 ≥115KN
Requirements: B1 grade 9.8, shear resistance ≥115KN

产品应用: 海上平台结构支撑、船用集装箱锚定
Product application: structural support for offshore platforms, anchoring of marine containers

国际工程项目

International Engineering Project

认证: CPR-EN14399, EN15048
Certification: CPR-EN14399, EN15048

要求: 预载荷控制
Requirements: Preload control

产品应用: 大型桥梁抗震节点、隧道管片连接
Product application: seismic joints for large bridges, tunnel segment connections

工程机械

Construction machinery

认证: GOST-R, EAC
Certification: GOST-R, EAC

要求: -40°C 低温冲击韧性
Requirements: Impact toughness at -40°C

产品应用: 矿山机械环槽铆接、港口起重机结构件
Product application: ring groove riveting for mining machinery, structural components of port cranes
